

Sarah Stieber

Sarah Stieber just finished her newest mural, The *Painting Ladies* of Hillcrest!

This mural depicts women painting their dreams into reality, and the paintings will soon be coming to life inside of one of the units!

"The room F&F Properties is commissioning me to design inside of Duplet is what I imagine these *Painting Ladies* are creating ...a dream space full of color, stripes, and polka dots!"

- Sarah Stieber

F&F Properties utilized Stieber's color and design expertise throughout the entire building, commissioning her to create a mural and select the exterior paint colors to match. Stieber hand selected colors from Dunn-Edwards including a cool dark grey that makes the mural pop, and a palette of sherbet accent colors that extends the artwork throughout the entire space.

Once the exterior was finished, F&F Properties commissioned Stieber to extend her vision from the outside-in, with an art-inspired living room inside one of the units!

"We commissioned Sarah for her expertise and creativity— and trusted her to carry the vibe of her creation throughout the building."

- Monique M. General Manager F&F Properties

On July 19th the public is invited to visit F&F Properties' newest commissioned Public Artwork, and step inside of the living room Stieber designed as an extension of her artwork.
